Re: Freedom of Information Act Request – EPA Model for KAFB jet fuel spill

Dear FOIA Officer:

Under the Freedom of Information Act, 5 U.S.C. § 522, Citizen Action New Mexico is requesting access to a full and complete copies of documents in any form, whether from correspondence, memoranda, tape recordings, electronic or handwritten communications, notes or handout documents. This would include all documents and communications from and or between the Environmental Protection Agency (“EPA”), Sandia National Laboratories, the Department of Energy (“DOE”), the New Mexico Environment Department (“NMED”) and/or any of their contractors. This would include all attachments, maps, graphs, figures, tables and references to those documents:

The New Mexico Environment Department asserted in an Albuquerque Journal article (11/26/2013) “EPA Assessment Sought for Fuel Spill” that

“NMED does confer with EPA on a weekly basis and have employed their expertise in developing a groundwater model to assist in the clean-up efforts.”

Please provide:

1. The model that EPA has developed, 2. all accompanying documentation between NMED, the Air Force and EPA or other agencies or organizations relevant to the model development, 3. the dissemination of the model to other agencies and 4. conclusions of the model.
